Observations... From Around Town

(BY JAY WHOZIT)

Well, folks, Saturday is election day, so don't forget to vote—for the men of your choice—also just a reminder, you must have both your 1946 and 1947 poll tax receipts, or if you are over 60 or just reached 21, a certificate from the Circuit Clerk, in order to be eligible to vote; the polls open at 7 A. M. and close at 6 P. M.; if you expect to be out of town due to occupational reasons, on election day you may vote an absentee ballot... we are in receipt of a letter from Mr. Clarence E. Becker, president of Lakeshore Civic Association calling our attention to the condition of that stretch of road paralleling the L. & N. Railroad from Washington Street to the beginning of the paved road at Nicholson Avenue, which we think should be brought to the attention of the proper authorities... the letter is reprinted in full elsewhere in this issue... reports from the bedside of Brother Peter, at Touro Infirmary, are to the effect that he is improving slowly but steadily but is still not allowed visitors... candidates for city offices in Saturday's election wound up their speaking campaign on Monday night at a rally on the city hall grounds, sponsored by the Veterans of Foreign Wars repeating their PROMISES for a bigger and better Bay St. Louis... gosh, if only we could believe the things we hear... bids will be received on the 16th of July for rebuilding the burned section of the highway bridge, and we sure hope the contract is let at that time so that there will be no further delay in starting the work... Governor Earl Long, of Louisiana is supposed to sign a bill this week which would become a law making every Saturday in New Orleans a legal holiday... boy, before you know it New Orleans will be the Utopia of the South... quite a crowd is expected to attend the REA meeting here on July 16-17, and Mr. Howard LeTissier of the Hotel Reed says that his hotel will not be able to accommodate all of them and asks that any one having rooms or apartments to rent to please get in touch with him at the Hotel... Monsignor A. J. Gmelch left on Monday of this week with a group of other priests from this diocese to accompany Bishop Fahey to Baker City, Oregon... they are traveling in two automobiles by way of Winona, Minn., where they will visit Bishop Binz, who assisted in the consecration of Bishop Fahey, and expect to arrive in Baker City on July 14th... whoever is responsible for the repair of that stretch of the old highway from Main Street to St. Francis should know that you cannot repair an asphalt road with yellow clay, because it is going to last just about as long as a snow ball would in Hades, just a waste of good time and money... we hear that the highway department has stopped everyone from crabbing and fishing off the highway bridge, although it is a little late for that now in view of what has already happened, but we think it is a good idea and should be enforced after the bridge is once again in operation, to avoid a recurrence of last week's fire, which may have resulted from a discarded cigarette.

W. B. A. News

Mrs. Nellie Nelson, president of the W. B. A. in Bay St. Louis, has announced that there will be no business meeting held during the month of July and August.

There will be, however, a social get together during the summer. Due notice will be sent each member.

City Democratic Primary Election To Be Held Saturday July 10th

Two Polling Places To Be On Ground Floor of City Hall
—Polls to Open at 7 O'Clock A. M. and Close At 6:00 P. M.—Over 1400 Qualified To Vote—Poll Tax Receipts or Exemption Certificates Required

The City Democratic Primary Election is to be held Saturday, July 10th. The polling places will be at the City Hall. The voters living in North Bay St. Louis Precinct will vote in the office occupied by the County Health Unit, and the voters of the South Bay St. Louis Precinct will cast their ballots in the office of the center of the City Hall, which is at the front entrance. Both polling places will be on the ground floor.

The polls will open at 7 o'clock in the morning and will close at 6 o'clock in the evening. Every person who offers to vote, must be registered and must have paid their poll taxes for two years. The poll taxes must have been paid in the year in which they were due. Persons over the age or under age for the payment of poll taxes must present a certificate issued by the Clerk of the Circuit Court showing the exemption of the payment of poll taxes.

In order to be a registered voter in the City of Bay St. Louis a person must have been registered as a voter in the County and in addition to this registration he or she must have registered in the City of Bay St. Louis, which registration is held at the office of the City Registrar in the City Hall, and the person offering to vote must have registered four months prior to the general election.

Some voter may now live in a different precinct than the one in which he or she may have originally registered. No changes of the precincts or transfer of names have been made. It may be well for you to bear this in mind and remember the precinct in which you lived at the time that you registered. This will save a lot of time, and unquestionably time will mean much on election day. There will be over 1400 people who will be eligible to vote, and with only two precincts, with the number equally divided it means over 700 voters in each precinct. It will be necessary that an average of 60 voters cast their ballots an hour in order for all to be able to vote.

Any person reaching the polls before 6 o'clock and who is within the polling place or within an established line before the closing time shall be entitled to vote.

The election is held under the Corrupt Practices Act of Mississippi which governs all primary elections in this State, and the manager of election so designated initials all tickets.

The election officers selected by the City Democratic Executive Committee for the holding of the election are:

North Bay St. Louis Precinct: George E. Heitzmann, Octave W. Delph and Milton A. Phillips, Jr., as managers, Louis Banderet Peace and Returning Officer.

South Bay St. Louis Precinct: John Dambrino, Vincent J. Piazza and Maurice Artigues, as Managers, Peter Fayard, Peace and Returning Officer.

The candidates to be voted upon are: For Mayor: G. Y. Blaize, Warren J. Carver, Henry C. Lang, Earl Ramond, John A. Scafile and Harry L. Sumrall.

For Commissioner: Ralph S. Blaize, Sr., W. L. Bourgeois, J. Cyril Glover, Sylvan J. Ladner, J. C. Roland, Jr., and F. E. (Bill) Witter.

ROTARY CLUB HAS LADIES NIGHT AND INSTALLATION

Wednesday night was Ladies Night for the Bay St. Louis Rotary Club and there was a gay gathering of Rotarians and their wives, sweethearts and friends.

The highlight of the program was the installation of officers to serve for the ensuing year: S. J. Ingram, president; Dr. Bedford P. Floyd, vice president; Elliott Cowand, secretary and treasurer.

There was not the usual wide spread program but the group singing was inspiring and entertaining. Howard LeTissier did the laugh producing stunt. You can always count on Howard for a laugh. A hat was passed and papers were drawn on which were written questions and answers and when read as numbered the answers did not fit the questions and this brought laughs and complications. A short talk was made by "Oe" Delph, the retiring president.

The Mississippi Game and Fish Commission are publishing in this issue two public notices or orders adopted by the commission.

Public Notice No. 271 provides that the squirrel season be opened November 1 and closed December 31st, in the following Counties: Kemper, Neshoba, Leake, Madison, Hinds, Claiborne, and all Counties in the State that lie south of these counties, which include Hancock County. This order eliminates the split season. Heretofore squirrel could be killed in September. Under the new order this season has been repealed.

The answer to complaints that the young people of Bay St. Louis had no place to go for amusements other than night clubs is about to be answered.

S. J. Ingram, superintendent of city schools, Joe Burrow, member of the school board, Ellis Guillery, Bay High principal and athletic coach of the boys and Mrs. Guillery, athletic coach for the Bay High girls are responsible for the possible solution of the problem, in organizing the Tegnage Club of Bay St. Louis.

They were encouraged when at its first meeting forty boys and girls enrolled. One of the principles of the club was that it was not to be confined to any one school. That St. Stanislaus boys, Bay High boys, and girls and girls from St. Joseph Academy were eligible for membership and the age limit was set from 12 to 20.

A second meeting was held on Thursday night, July 1 at Bay High with 100 boys and girls present and the election of officers was the major business to come before the club. Names had been suggested by the nominating committee for the office of president, vice president, secretary and treasurer. These nominations were made from the floor and the tickets were long. The voting proceeded briskly and in one or two cases the candidates for that particular office were voted on for the second time. The election resulted in Cyril Fayard, being named president, Teddy Morel, vice president, Sylvia Ladner, secretary, J. V. Morreale, treasurer.

The newly elected officers each made short talks and thanked the group for electing them and pledged their loyalty to the club and its activities.

Immediately following the four officers met with Mr. and Mrs. Guillery in an executive board session. Thursday, July 8 was decided on for the next meeting and it was designated as Fun Night. There will be no set program.

On Tuesday night, July 6 there was a meeting of the officers and their committees and matters coming up for discussion was a name for the organization. It was decided that it should be named "The Teen Age Club for Bay St. Louis." The subject of chaperones came up for discussion and parents will be notified of the night they are to serve. The "Teen night" was selected as the type party for Thursday, July 15 and each girl and boy is requested to dress tacky and prizes will be offered for the best costume. Games for Fun Night were also planned.

A constitution and by-laws were drawn up and the preamble to read as follows: "We the teen-agers of Bay St. Louis in order to better the youth of Bay St. Louis, promote Courtesy, Citizenship and Leadership, do ordain and establish the constitution, for the Teen-Agers of Bay St. Louis."

Club colors are black and gold, flower: Carnation, Motto: Onward and Upward. The song has not been selected.

ORTTE THEATRE WEDNESDAY - THURS. "B. F.'S DAUGHTER"

starring Barbara Stanwyck
Van Heflin and Charles
Coburn

Ad to the list of memorable screen portraits that of Barbara Stanwyck as Polly Fulton, unforgettable heroine of J. P. Marquand's best-selling novel, "B. F.'s Daughter," which will be on the Ortte screen Wednesday and Thursday in M-G-M's superb film adaptation.

Miss Stanwyck offers a fascinating portrayal of a rich and pampered young heiress who, however good-intentioned, finds that she cannot buy either love or happiness. She discovers it first when she finds that she cannot dominate the strong-minded aristocrat whom she had hoped to marry; she is disillusioned a second time when she tries to run the life and political career of the man she does marry, a buoyant, attractive but stubborn young economist. The social conflicts, temperamental clashes and emotional fireworks that are engendered before Polly Fulton is given a fresh viewpoint on life and a truer discernment on the value and limitations of money make for a story that faithfully mirrors the tempo of modern American life and for a narrative that never flags in its dramatic impact.

J. P. Marquand collected a rich and diverse gallery of personalities for his story of the life and loves of B. F. Fulton's daughter and they are brilliantly captured in this distinguished picture version. Miss Stanwyck is the striking, rich and spoiled Polly Fulton to the life. Van Heflin gives both verve and an appealing humor to the role of the young economist, while Richard Hart gives the part of the idealistic aristocrat sympathy and force in a quieter vein. Others who stand out in a wisely-chosen cast include Charles Coburn as the dominating "B. F." Keenan Wynn.

Bygone Days

By UDELL FAVRE

Advertise, advertise—the motto of newspapers—but it can also be the motto for a town, and way back in 1894 citizens were preaching such advertisement. "Bay St. Louis can never be over advertised. Talk and write about it at every opportunity," was a little insert that appeared in the first issue of February, 1894 of the Sea Coast Echo.

Mr. Moreau introduced a new column called "Political Potpourri" by "Rooster" to give his opinion on the political situation and its outcome. This joke which caught the eye of your writer seemed to be very appropriate then just as it would be now: Teacher—"What is a novelty?" Small Boy—"A Bay St. Louisian who is not a candidate for municipal office."

Few announcements had been made and the election was just a few

weeks away. R. C. Engman had announced for treasurer; Peter Ramond, for alderman of the third ward; and Albert Carver for marshal and chief of police.

A census of the Catholic population was taken by Rev. Father LeDuc.

The home of Mr. and Mrs. Paul Delcuze was broken into while they were out one night; all of the other citizens of the Bay took precautions against a possible robbery of their homes.

A fierce fire woke residents of the beach front at 4:00 A.M. when the flames, blown by a strong wind, took root in the General Merchandise store of Mr. L. Olivari, formerly known as Spotorno and Co., spread to nearby buildings. The entire beach front square was burned. Many of the destroyed places were not covered by insurance, and it was said that \$150,000 could not cover the damages.

Mayor John V. Toulme and Miss Mittie Shansy, a lovely lady of this city were married.

Pass Christian organized an improvement society, and Mr. Moreau in his editorial column, asked the citizens of Bay St. Louis to organize such a society to try and lift old Bay St. Louis out of the rut and place her in a flourishing condition among the thriving prosperous cities of the State.

"Do you know what it takes to make a town," he asked. "It takes love, energetic business men, it takes the united effort of every citizen to induce strangers to locate and invest their money."

Miss Lottie Cuneo of New Orleans was a visitor here.

A. G. Peiri was elected mayor; he defeated John V. Toulme by twelve votes. The totals were 64 to 52; all in all only 116 votes were cast. R. C. Engman was elected treasurer; Richard Mendes, secretary; J. B. Ioor, tax-collector; George W. Maynard, marshal; Dr. L. H. VonGohren, alderman ward 1; James G. Fayard, ward 2; Peter Ramond, ward 3; and Ferdinand H. Egloff, ward 4.

CANDIDATE FOR MAYOR

Hello, Folks:

The time has come when we can no longer postpone making a decision in regards to the man for whom we will cast our ballot in the election on Saturday. If you have not already decided, you must consider the qualifications and merits of each candidate NOW and decide on the man best fitted for the position. Once you have made your final decision, you will probably be urged to change that stand in various ways as last minute appeals to old friendships, false loyalty, promises of personal advancement, and others. Play these last minute appeals as you will, but folks, never swerve from the exercise of your right as a free citizen. Vote for the person you honestly feel is best qualified, and when you do, I am sincerely hoping you will be casting a vote for me.

I want to thank each of you for personal kindnesses shown me and for the support of verbal assistance given me during the past months. It is my sincere belief that on Saturday of this week, July 10th, you will cast your vote for a man who is qualified, is experienced, and has the interest of Bay St. Louis at heart. Again, I say, "Thanks A Lot, Folks."

Your Independent Candidate,

EARL F. RAMOND.

A. & G. THEATRE
THURS. - FRIDAY
JULY 15TH-16TH.
"TO THE VICTOR"Shot Against Paris Setting
—Warner Bros. Troupe
Made Location Jaunt To Europe

Actually, it was no more than a coincidence that Dennis Morgan, Viveca Lindfors, and Director Delmer Daves arrived in Paris on Bastille Day.

But back at his desk at Warner Bros. Producer Jerry Wald smiles with the thought that the Paris arrival of his "To The Victor" company coincided with the 158th anniversary of France's day of independence.

Strong Story

Wald figured all along that "To The Victor" which comes to the A. G. Theatre next Thursday and Friday, should be not only a story of an American veteran caught in the post-war European chaos, but, just as importantly, that it should be a tribute to the French and their history of courage and sacrifice. The French consul in Los Angeles was invaluable in cooperating with the studio.

The producer sums up the story values of "To The Victor," aside from its lofty overtones, as an account of "two people who are faced with the decision of whether they should participate in helping to restore a good world against their personal interests."

Vivid Roles

The two people are, of course, Miss Lindfors in the role of a Swedish girl once charged as a collaborator, and Morgan as the American veteran who was in the battle of the Normandy beachhead and stayed on in Paris.

As Warner Bros. has done in the past with such pictures as "Destination Tokyo," "The Pride of the Marines," and "Dark Passage," the company went to the natural settings to film the story.

The "Destination Tokyo" company was sent out on a submarine, the "Pride of the Marines" troupe went to Al Schmid's home town in Pennsylvania, and Humphrey Bogart and Lauren Bacall were in San Francisco for "Dark Passage."

Eight Week Trek

And that's why Miss Lindfors, Morgan and Daves were in France for eight weeks.

"We made 'To The Victor' for the French and other Europeans just as much as for Americans," the producer says. "They will know what is a real background and what isn't. This time they won't be disappointed. It will really be the Champs Elysees and the Eiffel Tower and Montmartre streets and Normandy villages in and around which Morgan and Miss Lindfors perform.

Real Paris Shots

Not only were all the exteriors of "To The Victor" filmed in France, but some of the interiors, most notable of which will be Parisian courtrooms. It was impossible, however, to use the George V Hotel where the company was quartered because of difficulties of lighting and interference from usual hotel activity.

The hotel interior was constructed on the Warner lot and was the most important studio set to be used when the company returned to the home lot.

Million Dollar Central Farmers Market To Be Dedicated July 31st

Jackson, Miss. (Special)—Firsting to Commissioner St. Corley of the State Department of Agriculture. It is expected that all types of fruits and vegetables grown in Mississippi and other sections of the South will be marketed through the centrally located mart. Every farmer in the state who has produce to sell, will have access to the market. Every buyer from the housewife to the biggest wholesale dealer, can bargain with the producers once the market is open. Everything will be on a wholesale basis, but the wholesale units as set by the market board are in many instances, suitable for a housewife's canning needs, such as a bushel of

peaches, and so on, as the minimum wholesale unit. It is expected that the big mart will prove a feeder for smaller markets over the state. Such smaller markets could ship to the big market or could buy from it, thus forming a chain movement of produce. Most important, is the fact that the farmer will know where he can reach the buyer easily and at a central local point.

Under an inspection complying with state and federal law, everyone will be able to determine just what quality produce he sells or buys.

S. W. Box, of the State Service, will manage the market.

On the date of the grand opening the last day of July, a nationwide broadcast of events over the Farm and Home Hour program will be held. Plans are shaping up to take care of and entertain huge crowds. Prizes amounting to \$500 in cash will be awarded farmers for various types of produce brought in.

Veterans' News

The Veterans Administration has prohibited the expenditure of any government funds for veterans' training courses of a recreational or avocational character after July 1, 1948.

The new VA policy is in compliance with the Independent Offices Appropriation Act for 1949 in which Congress directed that VA provide no further payments for courses of this type.

These include, generally, such courses as photography, dancing, gliding, personality development, entertainment courses, sports and athletics, bar-tending and certain music courses.

Training veterans to fly or related aviation courses will be paid for by VA only where the veteran establishes that the training is in connection with his present or contemplated business or occupation and can pass required medical examinations.

courses of education in approved public or private elementary or secondary schools of institutions of higher learning are not affected by the new VA policy. Neither has there been any change in the status of recognized vocational training, institutional on-the-job training or other training-on-the-job.

The promotion of the Appropriation Act of 1949 is in accord with and re-emphasizes the underlying spirit and intent of the educational and training provisions of the Servicemen's Readjustment Act, a VA spokesman pointed out.

Therefore, veterans should not seek to pursue courses for avocational or recreational purposes, but only courses which will contribute to the veterans' vocational or occupational advancement or educational objective.

QUESTIONS & ANSWERS

Q—I have been drawing \$57.50 each month from my \$10,000 War Risk Insurance since my discharge from the Army after World War I. Are such payments discontinued after the \$10,000 is exhausted?

A—No. Payments may be continued for the remainder of your life, provided your total disability remains unchanged.

Q—I would like to appear before the Rating Board to explain my own claim. May I do this?

A—Yes, but a definite appointment should be made and you should be there at the time for which the hearing is designated. Expenses incidental to going to or from the Rating Board hearing must be borne by you.

Q—Why do I have to pay the two monthly premiums instead of one when I reinstate my lapsed National Service Life Insurance policy?

A—One premium is for the 31-day grace period following the date of lapse, during which the insurance was continued in force without payment of premium; the other is for the current month of your insurance policy's reinstatement.

Q—My son, a World War II veteran, is in a VA hospital in a distant city. Will I be permitted to visit him every day if I go to live in the city where the hospital is located?

A—Yes, if his condition permits such visits. All Veterans Administration hospitals have special hours set aside each day for visitors, the same as civilian hospitals.

NEW UNITED GAS LINE GIVES OUTLET FOR SOSO FIELD GAS

Completion of a new gathering system and natural gas transmission line by United Gas Pipe Line Company has opened production of the natural gas wells in Soso field, located in Jasper, Jones and Smith counties. In the gathering system, several miles of 4-inch, 6-inch and 12-inch lines were laid to tie in the various wells to the recently completed 12-inch transmission line which extends approximately 14 miles from Soso field to a junction with the company's main 16-inch Jackson-Mobile line just east of Seminary, Miss. The above pictures were taken while the line was still under construction. (1) In the foreground, a crew at work pumping sand and debris from under a section of the 12-inch pipe already in place on the bottom of Leaf River. This was done to be sure the pipe was well seated so that strong currents or large pieces of driftwood would not cause it to break. On the left is the pile of sand dug from the river bed to form a trench in which the pipe was laid. (2) The completed Leaf River crossing, in the vicinity of Eebon, Miss., just before the trenches were filled in. To assure dependable, uninterrupted natural gas service, an auxiliary 10-inch line will be laid across the river to carry the gas in the event of a break in the regular line. (3) "Blowing" a section of line before tying it into the main line. In this operation, a "pig" or set of round wire brushes, which fits snugly into the pipe, is pushed through the line by gas pressure to clean it of all dirt and other impurities which collect during construction. This picture shows the dense cloud of dust which has been scraped from the pipe interior by the "pig" and is being blown out the open pipe end by the gas pressure. (4) View of the "Ishee Number One", one of the completed gas wells in Soso field. The well (in the foreground) was drilled by Union Producing Company, affiliated with United Gas Pipe Line Company. In the background (from r. to l.) gas distillate pump house; heater, which heats the gas as it comes from the ground to prevent the liquids, contained in the gas, from freezing and plugging the line; separator, which separates the liquid hydrocarbons from the natural gas; and two 500 barrel tanks where the liquid hydrocarbons are stored.

COUNTY AGENT NOTES

Outbreaks of grasshoppers have recently been reported in some sections of the state.

The pests have eaten legumes and begun stripping corn and cotton. Such an outbreak is due to hot, dry weather when fungus fails to destroy the insects and the supply of green material for them to eat is

limited.

Two methods of control, poison baits and dusting may be practiced.

Poison bait is made from 4 pounds sodium arsenite, sodium fluosilicate or paris green in 8 to 10 gallons of water, 75 pounds of sawdust and 25 pounds of bran or shorts.

Mix the materials, taking care not to let poison settle to the bottom. Add water until all particles of bran are wet, but do not make the bait sloppy.

Spread the bait late in the afternoon just before dark for best results. With large acreage it may be necessary to scatter bait all day.

Scatter bait evenly at the rate of approximately 20 pounds per acre. Bait can be scattered by hand, wagon or airplane.

If dusting is practiced, use either 2 percent Toxaphene or 5 percent Chlordane at the rate of 15 to 20 pounds per acre.

Seed Certification

Applications for seed certification of all fall-harvest crops are due at the office of the Mississippi Seed Improvement Association by July 15.

Also due July 15 are applications for lint certifications. Growers certifying cotton seed this year are also eligible for lint certification, and are urged to apply for this as well.

Camp Stanislaus

The third week of Camp Stanislaus just about completed the preliminary games and refresher courses in the various games which will be conducted as Tournaments for the remaining days to determine the winners of the Gold Medals and the Loving Cups.

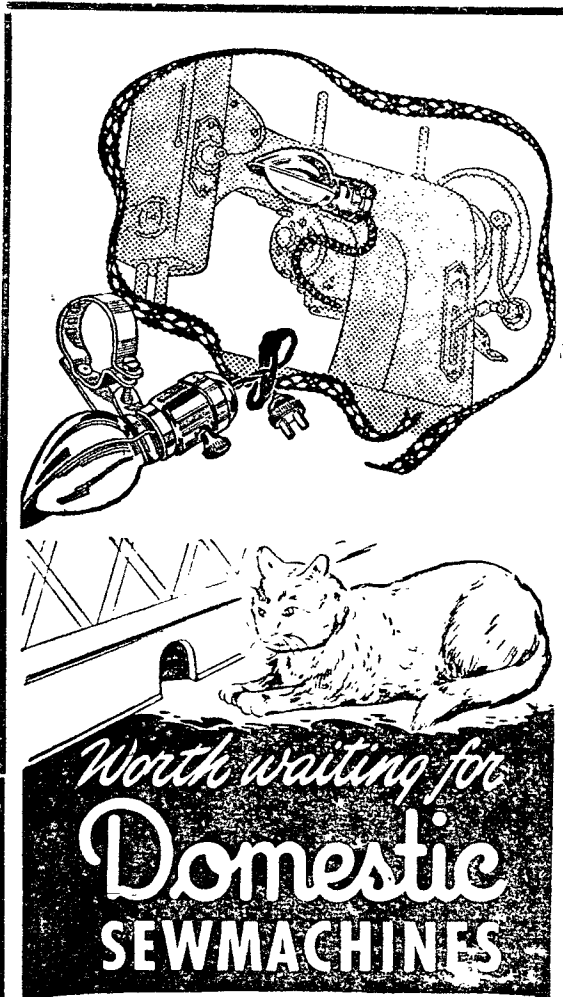

Softball seems to be the most liked sport among all the Campers with Archery and Handball running close seconds.

The Boxing Tourney has been going on for the past week. Bouts will be held Friday night of this week and Brother Briant hopes to complete all bouts by Tuesday night of next week. Group 1, the smallest in the camp in relation to size had the largest entry list—eighteen hopefuls.

The College Yacht the "Louise D" has proved most useful and most popular with all the groups. Almost every group had a river trip up the

crease among dairy herds of Mississippi.

Annual meeting of the Mississippi Artificial Breeders Cooperative will be held at State College on the afternoon of July 23, during Farm and Home Week. The Jersey Cattle Club meets that morning.
